

# LAZY BONES

Round and round jump off the ground

Up and down go round and round

Go yellow, go green and pink

More and more get on the floor

Beat to four play more and more

Play the groove and play it blue

And I'll put on my dancing shoes

Keeping cool you play it slow

Should I stay or should I go

Out there somewhere I will be blue

Dancing in my favorite shoes

Hey DJ, well someday, you'll be rocking too

Lazy bones, crazy eyes you are so stoned

Turn the tables play our favorites

And we'll be turning blue

Hello Hello we're on the floor

Yeah yoyo hello hello

Rock da house and we will be blue

Round and round our favorite sounds

Would make the club go round and round

Play the tunes and let it groove

And I'll put on my dancing shoes

Playing cool you keep it slow

Should I stay or should I go

Out there somewhere I will be blue

Dancing in my favorite shoes

Hey DJ, well someday, you'll be rocking too

Lazy bones, crazy eyes you are so stoned

Turn the tables play our favorites

And we'll be turning blue

I hear a guitar

All on the floor are waiting for more and more

Right here right now I will be blue

Dancing in my favorite shoes

Hey DJ, well someday, you'll be rocking too

Lazy bones, we don't care you are so stoned

Turn the tables play our favorites

We are turning blue
