

Blind Date

lyrics by roli

music by goodron

Never seen, never touched
Hope you ain't expecting too much
Yeahyeahyeah, I gonna have a blind date

Never heard, never kissed
It's a kind of feeling I've missed
Yeahyeahyeah, I gonna have a blind date

Will I see a laughter on your lips
Will I see blue skies in your eyes
Will I feel on me your fingertips
Yeahyeahyeah, I gonna have a blind date

Now I see, now I touch
Hope you ain't expecting too much
Yeahyeahyeah, we have our blind date

Now I hear, now I kiss
Do it to me baby just like this
Yeahyeahyeah, we have our blind date

Now I see a laughter on your lips
Now I see blue skies in your eyes
Now I feel on me your fingertips
Yeahyeahyeah, we have our blind date

Never again we will touch
Hope you ain't confused too much
Yeahyeahyeah, that was our blind date

I am dreaming of another kiss
we both do know it's better like this
yeahyeahyeah, that was our blind date

I have seen a laughter on your lips
I have seen blue skies in your eyes
I have felt on me your fingertips
Yeahyeahyeah, that was our blind date
