

Blue sky

lyrics by roli

music by goodron

I saw you sitting there alone
My heart was all on fire then
I'd see you again can you tell me when

We've had a coffee in a bar
You drove me home with your red car
(then) the world stopped turning for a while

When the sky is open wide
And when the sky is blue
It's the time to be true
When the sun is shining bright
And when the sun is loving you
Then she feels as I do

You said you gotta talk to me
There is another one you know
The time has come I need to go

To one I want has flown away
No more blue on a rainy day
The sun stopped shining for a while

When the sky is open wide
And when the sky is blue
It's the time to be true
When the sun is shining bright
And when the sun is loving you
Then she feels as I do

Two weeks later you turn up again, you gotta talk to me something has changed
"the sky stayed black, didn't turn blue. I've flown away but just thought of you"
I don't wanna talk, I just wanna fly
Join me on my flight to cloud number nine
Let's turn the sky blue, let's make the sun shine
We are feeling fine

When the sky is open wide
And when the sky is blue
It's the time to be true
When the sun is shining bright
And when the sun is loving you
Then she feels as I do
