

Dance

lyrics by roli

music by goodron

I just wanna see you move
Let your body feel the groove
Take a hand and touch your neck
The other one is on your leg

Now you look at me
In your tight blue jeans
Come a little bit closer
Now I wanna see you

Dance for me, dance for me
Dance for me my lady

You are dancing like a queen
A queen the world has never seen
Close your eyes and drift away
There ain't nothing left to say

Now you're close to me
I feel your tight blue jeans
Take off your shirt
I just wanna see you

Dance for me, dance for me
Dance for me my lady
